INCREASING OBSTACLES IN LEAGUE

By NEWTON C. PARKER
[INTERNATIONAL NEWS SERVICE]
GENEVA, Dec. 9.—Indications are mounting high that new European alliances will throw serious obstacles in the way of the league of nations.

Dr. Benes, foreign minister of Czechoslovakia, and head of the Czech-Slovak delegation to the league of nations assembly meeting, frankly admitted today that he regards alliances of European nations as having superior obligations to those of the league.

"I favor the admission of Bulgaria, but I would be compelled to vote against it because Czechoslovakia has just entered an alliance with Roumania and Yugoslavia. The other members of this alliance are opposed to Bulgaria. Consequently that would make it necessary for me to vote against the admission of Bulgaria to the league."

HOW STOCKS OPENED

[INTERNATIONAL NEWS SERVICE]
NEW YORK, Dec. 9.—Although there were declines in a number of stocks at the opening of the stock market today the undercurrent was steady, and the most important changes were in the shape of recoveries reflecting a growing demand from several sources induced by the low levels to which many stocks have declined.

Steel common sold down half to 89 3/4, and Baldwin yielded 7-8 to 87 1/2. Mexican Petroleum had its usual wide range first dropping 3 points to 165 and then rallying to 166 1/2. White Motors opened down 1 1/2 to 31 1/2, but recovered this loss in the next few minutes.

There was a better demand for Southern Pacific which opened 3-4 higher at 101 1/4, from which it reacted to 100 3/4. Pierce Arrow rose 1/2 to 20 1/2 and the preferred advanced 1 point to 69, later losing this advance.

Trading continued in good demand, advancing 3-8 to 90. Great Northern Ore became active, yielding 3-4 to 27 1/2. Sears Roebuck dropped 1 point to 102.

IMMIGRATION BILL THRASHED OUT IN HOUSE

[INTERNATIONAL NEWS SERVICE]
WASHINGTON, Dec. 9.—Practically unrestricted immigration or no more immigration at all for a period of 22 months is the question to be thrashed out in the house today. It will not be settled before late tomorrow when the Johnson bill suspending all immigration for a period of two years, less sixty days to clear the seas of immigration-laden ships, is to be brought to a vote. It probably will pass the house easily.

The legislation is being fought by representatives from districts in which there is a heavy foreign population, especially by Siegel, of New York, and Sabath, of Chicago. The Pacific coast members, led by Kahn, would make the bill carry a provision excluding Japanese along with all other foreigners.

NEW WORLD FIGHTING THE OLD WORLD

By NEWTON C. PARKER
[STAFF CORRESPONDENT I. N. SERVICE]
GENEVA, Dec. 8.—A battle of the new world against old world domination of the league of nations opened today. N. W. Rowell, of the Canadian delegation, in an impassioned speech, warned the assembly that Canada and other powers would not yield to European control of the league of nations.

"European statesmanship drenched the world with blood," cried the Canadian delegate. "Fifty thousand dead was the price that Canada paid."

This declaration was made during debate on the report on technical organizations of the league. Rowell expressed fears that on account of the distance, non-European nations would send second class diplomats while the European powers, being near at hand, would send first class diplomats who would gain control.

This statement was greeted with applause. Australia quickly lined up with Canada, widening the breach in the representation of the British empire. Senator E. D. Millien, representing Australia, warmly supported the Canadian protest. He declared that Australia would not contribute financial aid to expensive technical organizations not provided for in the league of nations covenant but created by Europeans for their own benefit.

Gabriel Hanotaux, of the French delegation, made hot reply to Mr. Rowell's speech.

"Europe fought for the whole world," cried M. Hanotaux. "Are you going to refuse to give her her rights?"

LEAVES TODAY ON INSPECTION TRIP

Intending to make an inspection of a new electrical sewage disposal plant recently installed and in operation at Phillipsburg, N. J., City Engineer W. P. Cottingham of Gary left today expecting to be absent from the city for about a week.

Harris Suit Vs. Bryan On Trial

The suit of Representative J. Glenn Harris to collect from Louis A. Bryan, \$250, alleged to be due for legal services rendered, is being heard today by Judge Hardy and a jury in Room 2 of the Hammond superior court. Both parties to the suit reside in Gary.

Harris claims that during the time several years ago in which Bryan, who is a real estate dealer, was spending considerable time in California, he asked Harris to attend to matters which would arise in his absence. He also consulted Harris frequently by appointment or by mail and the attorney was to receive \$200 per month for a period of five months. Harris says he received only \$50 for his services.

Bryan in his answer, files a setoff in the form of an amended statement for arrears in his taxes received from him and also claims that Harris did not pay certain moneys which were collected during the absence of Bryan.

FAMILY HAVE A NARROW ESCAPE

The family of John Crista, a steel worker at 2410 Connecticut street in Gary had a narrow escape from asphyxiation late last night when Mrs. Crista and four children were found overcome in the home from the effects of fumes from a small coal burner.

When Dr. Dinebaugh returned from his work at 1 o'clock this morning he found the house in darkness and was unable to arouse any one. Breaking in the door he found Mrs. Crista and the four children overcome and in a serious condition.

Carrying them out into the open air, he ran back to the house and securing a gun fired four shots to call the police. A physician was summoned and they were revived at a neighbor's house. They will recover.

NO SHERIFF CARTER

According to a story in a Gary paper yesterday, Chief Deputy Sheriff Carter, is expected to be appointed to that capacity within a few days. The name of the late Sheriff Fred Carter of Hammond mixed up with his data, as Mr. Carter was killed in a sad and shocking train and auto accident near Cedar Lake five or six years ago.

There is a Chief Deputy Charles (Jack) of Crown Point, however, who has been the chief to Sheriff Low for a number of years and according to reliable information, he will remain in the same capacity under Sheriff-elect "Hut" Oles when he takes office the first of the year.

The news of the appointment of Thomas Mathews, former Gary Police captain, to the deputy of the Gary office was announced in these columns this week. According to Deputy Sheriff Clem Hentges of Crown Point, who has had charge of the Gary office for several months, he will start work as a foreman construction superintendent on the new county tuberculosis sanatorium in a short time.

As far as is known Sheriff-elect Oles has not named his deputy for the Hammond office.

RIOT IN N. Y. MADISON GARDEN

NEW YORK, Dec. 9.—A fight among the spectators over the possession of certain seats precipitated a small riot early today in Madison Square Garden where the six day bicycle race is being held. One man was killed and several persons were injured. Several of the belligerents and some of the spectators, who were trying to get away, were knocked over the railing onto the track causing the race to be halted for 15 minutes. Two of the injured were taken to a hospital.

Two men giving their names as James McGuire and John Renn were arrested. Order was not restored until police reserves reached the scene.

MONKEY THYROID GRAFTED IN GIRL

CHICAGO, Dec. 9.—Mary Zembek, the Joliet, Ill., girl who spent 17 of her 19 years in physical and mental darkness, is recovering today from an operation performed yesterday in which the thyroid of a monkey was grafted into her neck. The operation was performed in the expectation that it would cause the girl to attain normal physical and mental development.

Balbo, the monkey who surrendered his thyroid gland, is not standing the operation as well and it is feared that the monkey population may be depleted because of his sacrifice to science.

CONFIRMATION IS LACKING

WASHINGTON, Dec. 9.—No official confirmation of press reports that Great Britain would request official action in the case of Eamonn De Valera, president of the Irish republic, has been received today.

In the absence of specific information department officials declined to comment. It was stated, however, that any communication from Great Britain on the question would receive the most careful consideration.

Heat of Red Peppers Breaks Chest Colds

Keep your throat, aching chest, "Stop the pain. Break up the congestion. Feel a bad cold loosen up in just a short time.

"Red Pepper Rub" is the cold remedy that brings the quickest relief. It cannot hurt you and it certainly seems to end the tightness and drive the congestion and soreness right out.

When heat penetrates right down into cold, congested, aching muscles and sore, stiff joints, relief comes at once. Nothing has such concentrated, penetrating heat as red peppers. The moment you apply Red Pepper Rub for colds, backache, sore muscles, stiff neck, lumbago, or the pains of rheumatism or neuritis, you feel the tingling heat.

In three minutes the congested spot is warmed through and through. When you are suffering so you can hardly get about, just get a jar of Rowles Red Pepper Rub, made from red peppers, at any drug store. You will have the quickest relief known.—Adv.

The cheapest spread you can get. Can you imagine buying fancy Calif. apricots in heavy syrup at such a low price. Every can guaranteed as represented.

DANIEL BROWN

Thought His Time Had Come—Disappointed

"I never was more surprised in my life than when I took the first dose of May's Wonderful Remedy. My stomach trouble had been of eight years' standing, sometimes so bad as to cause convulsions, followed by hemorrhage. I thought my time in this world was short, and believed it the last medicine I would ever take. It is now eight weeks since, and I am feeling better than for many years." It is a simple, harmless preparation that removes the natural mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Summers Pharmacy and druggists everywhere.—Adv.

WHEN A WOMAN

feels all run-down, weak or dizzy—when she feels tired before the day is begun—she should turn to the right womanly tonic.

Bluffton, Ind.
"Dr. Pierce's Favorite Prescription and his Golden Medical Discovery proved wonderfully beneficial to me. For months before I started to take these medicines I was in very miserable condition. I doctored with two doctors who did not seem to understand the nature of my trouble. I took three bottles of each and then I commenced to gain in every way.—MRS. JOHN VERNON, 215 E. Wiley Ave.
